IRVING H. PICARD, Trustee for the Substantively Consolidated SIPA Liquidation of Bernard L. Madoff Investment Securities LLC and Bernard L. Madoff, Plaintiff, v. DAVID IVAN LUSTIG, Defendant.	Adv. Pro. No. 10-04454 (SMB)

**TRUSTEE IRVING H. PICARD'S RESPONSES AND OBJECTIONS TO
DEFENDANT'S FIRST SET OF DOCUMENT REQUESTS**

Irving H. Picard (the "Trustee"), as trustee for the liquidation of Bernard L. Madoff Investment Securities LLC ("BLMIS"), under the Securities Investor Protection Act, 15 U.S.C. §§ 78aaa-78lll ("SIPA"), and the estate of Bernard L. Madoff, by and through the Trustee's counsel, Baker & Hostetler LLP, hereby provides the following Responses and Objections to Defendant David Ivan Lustig's First Set of Document Requests ("Requests").

OBJECTIONS TO INSTRUCTIONS

1. The Trustee will respond to these Requests consistent with Rules 26 and 34 of the Federal Rules of Civil Procedure (as amended on December 1, 2015) (the “Federal Rules”), Rules 7026 and 7034 of the Federal Rules of Bankruptcy Procedure (the “Bankruptcy Rules”), applicable Local Civil Rules of the United States District Court for the Southern District of New York and this Court (the “Local Rules”), and any applicable orders of the Court, including the Court’s November 10, 2010 Litigation Procedures Order [ECF No. 3141] (“Litigation Procedures Order”) and the Court’s June 6, 2011 Litigation Protective Order [ECF No. 4137] (“LPO”).

SOURCES OF INFORMATION RELEVANT TO THE CLAIMS AND DEFENSES IN THE TRUSTEE’S POSSESSION, CUSTODY OR CONTROL

1. Hard-copy documents from the offices of BLMIS, offsite storage used by BLMIS, and other locations (“Hard-Copy BLMIS Documents”).

2. Electronic documents obtained from among approximately 20,000 pieces of media from the offices of BLMIS, offsite storage used by BLMIS, and other locations (“BLMIS Electronic Documents” or “BLMIS ESI”).

I. BLMIS DOCUMENTS

From the Hard-Copy BLMIS Documents and BLMIS ESI (collectively, “BLMIS Documents”), the Trustee created a searchable electronic database containing approximately 4.7 million Hard-Copy BLMIS Documents and 25 million BLMIS Electronic Documents (“the **BLMIS Searchable Database**”). Defendant does not have direct access to the BLMIS Searchable Database because it contains documents relating to thousands of customers, many of which are not relevant to this proceeding. Instead, the Trustee provides all defendants in these proceedings with documents as described below:

- A. **Proof of BLMIS's Fraud and Insolvency:** The Trustee created E-Data Room 1 from documents in the BLMIS Searchable Database as well as some Third-Party Documents. E-Data Room 1 contains documents relevant to the issues of the fraud conducted at BLMIS and its insolvency, and includes documents relating to BLMIS operations, regulatory disclosures, and financial records. *See Appendix A* for a description of documents available to defendants in E-Data Room 1.
- B. **BLMIS Core Account Documents:** The Trustee identified and segregated BLMIS core account documents for all customers ("Core Account Documents"). These Core Account Documents include account opening agreements, correspondence to and from BLMIS, transfer and/or redemption requests, customer statements, Portfolio Management and/or Portfolio Management Transaction Reports, which contain transaction history, and other documents that were specific to each account, and/or the Trustee's calculation of net equity of a particular BLMIS account. Collectively, the Core Account Documents and the Bank Transfer Documents represent the documents produced to the Defendant by the Trustee with his initial disclosures (the "Initial Disclosure Documents"), on October 25, 2016.
- C. **Proof of Transfers:** In addition to the Core Account Documents relevant to transfers described above, the Trustee identified and segregated BLMIS bank account records that reflect transfers to customers ("Bank Transfer Documents"). Collectively, the Core Account Documents and the Bank Transfer Documents represent the documents produced to the Defendant by the Trustee with his initial disclosures (the "Initial Disclosure Documents"), on October 25, 2016.

D. **Other Documents:** The Trustee preserved the nearly 20,000 pieces of BLMIS ESI and millions of pages of BLMIS Hard-Copy Documents in his possession, but did not include all such documents in the BLMIS Searchable Database. The Trustee did not process or scan, for example, backup tapes believed to contain redundant data, some floppy disks or CDs, and broken media. In responding to document requests, the Trustee does not search for BLMIS documents outside of the BLMIS Searchable Database. The Trustee will produce additional BLMIS Documents (meaning other than those described in Paragraphs A and B) from the BLMIS Searchable Database provided that the parties agree to narrowly tailored search terms and parameters that target documents relevant to the claims or defenses and proportional to the needs of the case in accordance with Federal Rule 26(b)(1). *See Appendix B* for a description of sources of documents in the BLMIS Searchable Database.

II. THE SQL DATABASES

Information contained in certain BLMIS Hard-Copy Documents, BLMIS ESI, and certain Third-Party Documents was processed and input into multiple Microsoft Structured Query Language (“SQL”) Server tables and databases (the “SQL Databases”). To the extent feasible, the underlying documents used to build the SQL Databases are contained in E-Data Room 1. Some or all of the data in the SQL Databases is responsive to most of the Requests. SQL Databases are used by the Trustee’s experts and are available for production to any defendant upon request. Use of the SQL Databases requires some technical expertise. *See Appendix C* for the sources of data loaded into the SQL Databases.

THE TRUSTEE’S OBJECTIONS

1. **Materials Prepared Post-December 11, 2008:** The Trustee will not produce or log Documents prepared by and/or received by him, his counsel, his professionals and/or other

agents from on or after December 11, 2008 that are not relevant and/or are protected by the attorney work product doctrine, the attorney-client privilege, and/or any other applicable privileges or protections (“Materials Prepared Post-December 11, 2008”).

2. **Redundant, Cumulative, and Marginally Relevant Documents:** The BLMIS Searchable Database may contain documents that are responsive to the Requests but which are redundant, cumulative, or marginally relevant (for example, the defendant’s names or account numbers appear on a list of customer names or account numbers and there is no other unique information). The Trustee objects to the production of these Documents to the extent that such production is not proportionate to the needs of the case under Federal Rule 26(b)(1) (“Redundant, Cumulative, and Marginally Relevant Documents”).

3. **Documents Outside the Scope of Relevance:** The Trustee objects to the production of any documents outside the scope of relevance articulated in Federal Rule 26 and Section 4(G) of the Litigation Procedures Order (“Documents Outside the Scope of Relevance”).

4. **Expert Analysis:** The Trustee objects to the premature disclosure of expert witnesses and expert analysis. Such disclosures will be made pursuant to the Case Management Order and applicable rules (“Expert Analysis”).

DOCUMENTS PRODUCED TO THE DEFENDANT

1. On October 25, 2016, the Trustee produced to Defendant the Core Account Documents for BLMIS Account Nos. 1ZR297, 1ZA314 and 1ZB268 (the “Accounts”) with appendices summarizing the production. *See Appendix D* for the indices.

2. On October 25, 2016, the Trustee produced to Defendant the Bank Transfer Documents for Account No. 1ZR297 with an index summarizing the production. *See Appendix E* for the index. The Core Account Documents and Bank Transfer Documents together constitute the Trustee’s initial disclosure production (“Initial Disclosure Documents”).

3. On October 25, 2016, the Trustee provided Defendant's counsel with credentials to access E-Data Room 1.
